Dear Associazione Sarda Contro l'emarginazione (ASCE),

We have been so busy in the last past weeks that I realized I haven't taken the time to express my appreciation for sending to Záhony one of your experts in emergency and legal support to migrants.

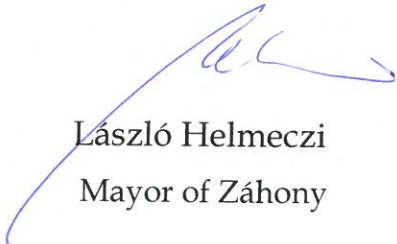

I would like express my gratitude for providing us an expert with legal knowledge, Enrico Puddu, who had been drawing our attention for legal matters for the infleeing Ukrainain people and their rights moving within Europe and to request international protection.

Záhony is a small town in the Ukrainain boarder and we had not seen such amount of incoming people that fast.

Once again, thank you, ASCE and to Sardinia to providing this useful support to the Municipality of Záhony.

Záhony, April 12th, 2022

  
László Helmeczi  
Mayor of Záhony
